

Project Name

Group member names

Important

- Don't have a bullet point that is more than two lines, you will lose marks
 - You don't need complete sentences
 - Don't shrink the text
- Use appropriate images
- Presentations will be 10 minutes long, with 10 minutes for questions and discussion
 - Have backup slides for the Q&A

Project Purpose

- Describe the motivation/purpose
- What was the need for the system
- How will it make money
- How is it safe, etc

Overall Architecture

- Make sure we can read the slides
- Have multiple slides and zoom/crop images so we can see them
- You will lose marks if I can't read your diagrams (ok to have one I can't read with full arch)

- Tell us about any framework you used and how you implemented substantial features above this framework

Stories

- Walk us through 1 key stories
- Story
- Demo by screenshots
-

Lesson Learned

- What was the most interesting and important thing you learnt

Summary
